v/Jesper Lohse

Case no.
2021 - 570

Document no.
374831

Date
20-01-2021

Dear Jesper Lohse

Thank you for the inquiry of 13 January 2021, where you request a meeting with me. You refer to an equality catalog prepared by the association, as you believe that Denmark violates human rights obligations in the treatment of parents on a number of points.

I am aware that the Minister for Equality has agreed to a meeting with the association. I also refer to my reply to you of 26 June 2020, where I, among other things, wrote that the Parental Responsibility Act has been drawn up in accordance with both the UN Convention on the Rights of the Child and the European Convention on Human Rights to ensure the rights of the child, including that the child has the right to contact both parents.

I must therefore maintain that I do not agree that the family law legislation or the system in general treats the child or one of the parents differently than the other. On that basis – and since you are going to meet with the Minister for Equality – I do not think that there is a need for a meeting.

Kind regards
Astrid Krag
